## 19100 airco well® Sensor

Sensor for quickly measuring invisible loads in the air emitted by vehicle air-conditioning units. The specially developed and patented three-layer sensor technology is cleverly installed in a plastic housing with a green robust protective component. The airco well® sensor can be operated with ease via the touchscreen display.

tested by

### Properties

- ✓ Handy and ergonomic measuring instrument
- ✓ Two-component plastic housing with robust, green protective component
- ✓ Specially developed three-layer metal oxide semiconductor gas sensor for precise measurement of loads
- ✓ Universal bracket for ventilation outlets during the measurement process
- ✓ Intuitive operating concept thanks to step-by-step user guidance and 3.5 inch touch display
- ✓ Saves up to 30 measurements
- ✓ Micro USB port for charging and transferring data

### Application area

- ✓ For use in vehicle air conditioning systems
- ✓ Highly selective measurements of special loads in air-conditioning units
- ✓ Not comparable with conventional air quality sensors

## 19230 AC Pressure Cup Spray Gun with Short Probe

Special tool for cleaning and rinsing the air conditioning system evaporator.

### Properties

- ✓ Original TUNAP design
- ✓ Ergonomic design, especially around the grip and thumb rest
- ✓ Pistol head in full-metal design
- ✓ Manual bleed valve
- ✓ Quick-release coupling for probe mounting
- ✓ Larger filler opening for the chemical
- ✓ Capacity: 1 litres

### Application area

- ✓ Air conditioning system cleaning

airco well®

## 997 Hygienic Cleaner for Pollen Filter Box

Special hygienic cleaner for the pollen filter housing and the adjacent air ducts. Provides a pleasant, fresh smell in the vehicle interior.

### Properties

- ✓ Cleans the pollen filter environment and adjacent air ducts
- ✓ Slows down regrowth of microorganisms (e.g. fungi, bacteria)
- ✓ Environmentally safe and gentle
- ✓ Optimal wetting for intensive cleaning action

### Application area

- ✓ Hygienic cleaning of the pollen filter housing and adjacent air ducts of air conditioning systems
- ✓ For every replacement of the pollen filter

airco well®

## 996 Hygienic Cleaner for Pollen Filter Box

Special hygienic cleaner for the pollen filter housing and the adjacent air ducts. No allergenic perfumes or dyes.

### Properties

- ✓ Cleans the pollen filter environment and adjacent air ducts
- ✓ Slows down regrowth of microorganisms (e.g. fungi, bacteria)
- ✓ Environmentally safe and gentle
- ✓ Optimal wetting for intensive cleaning action

### Application area

- ✓ Hygienic cleaning of the pollen filter housing and adjacent air ducts of air conditioning systems
- ✓ For every replacement of the pollen filter

airco well®

## 994 Hygienic Cleaner AC Systems

For healthy air in the car: airco well® cleans air conditioning units thoroughly and effectively. Flushes microorganisms, pathogens and dirt out of the evaporator at high-pressure and prevents the build-up of odours.

### Properties

- ✓ Improves air quality in the car
- ✓ For the rapid removal of contamination and deposits on the evaporator
- ✓ Removes the biofilm build up by microorganisms (fungi, bacteria)
- ✓ For eliminating unpleasant odours that can develop due to mould and bacteria
- ✓ Contains no allergenic dyes or fragrances
- ✓ Environmentally friendly and health compatible

TUNAP

## 5819 Fog Probe for Pollen Filter Box

Flexible probe with nebulising spray head for supplementary use with the airco well® hygienic cleaner pollen filter box. Hard to reach places in the pollen filter box area are optimally reached by the fine nebulisation. At the same time, the risk of damage to electronic components due to dripping cleaning fluid is reduced.

### Properties

- ✓ Flexible probe (incl. mist spray head)
- ✓ 60cm probe length
- ✓ 360° spray cone

### Application area

- ✓ Misting of the Hygienic Cleaner Pollen Filter Box at hardly accessible places in the area of the pollen filter box and the adjacent air ducts.

TUNAP

## 19311 A/C probe, straight, long

Rigid probe for specific use with pressure cup spray guns 19210 and 19230. The probe is optimised for cleaning air conditioning systems with Contra Sept® 990 and airco well® 994.

### Properties

- ✓ Stainless steel
- ✓ Length 60 cm
- ✓ Flexible to allow cleaning even in difficult-to-reach areas
